The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

| Code Number | Description of Violation | Correct By |
|-------------|--------------------------|------------|
|             | No Violations to Report  |            |

### Notes:

1. The wash compartment of the 4 compartment sink is not adequately holding water. Utilize the prewash compartment until wash compartment is fixed. Do not use the rinse compartment of the 4 compartment sink to wash because it is not drained to the grease trap, it provides opportunity for cross contamination, and does not provide wash, rinse, and sanitize procedure.
2. There are food items in the freezer which are not properly stored. Ensure food bags are closed to prevent food spillage and damage.
